Campaign Wins Support

At least 24 merchants had agreed to support the Buy in Sierra Madre campaign by last Wednesday and the campaign directors expect 100 per cent participation by local businessmen.

Enthusiastic support for the 13-week campaign, which will start officially July 11, came from virtually everybody contacted by the directors of the drive, Arthur Yale and Rachel Benson. The campaign was approved and is being sponsored by the Sierra Madre Chamber of Commerce.

At least \$1,000 in three cash prizes will be awarded to local church, civic and fraternal organizations after the campaign ends in October.

Mrs. Benson and Mr. Yale plan to talk before all civic and religious groups here to explain the campaign to them and to win their support. They also have scheduled a meeting with personnel of Sierra Madre businesses at 7 p.m. next Thursday to explain the Buy in Sierra Madre promotion to them.

The campaign directors already have spoken to the Ladies Guild of St. Rita's School, where they received unanimous support for the promotion. The Guild requested support from all its members and many friends.

Rev. O'Malley Supports Drive

The Buy in Sierra Madre campaign has been fully endorsed by the Rev. Thomas O'Malley, pastor of St. Rita's Church, who pointed out that every area resident should be interested in the prosperity of our city.

"Sierra Madre is our town," Rev. O'Malley said. "We are interested in its development and prosperity. Its business section is complete, and now that the parking problem is in the process of being solved, there is little reason to shop elsewhere."

"Besides these substantial reasons I believe we have an obligation to support our neighbors who are established in business."

"The Buy in Sierra Madre campaign, sponsored by the Chamber of Commerce, has my endorsement and, of course, the prizes offered are very attractive. We shall appreciate the thoughtfulness of all who will vote in favor of St. Rita's as they do their shopping in our fine stores."

The Chamber will award at least \$1,000 in three prizes.

Lee Shippey to Speak Before Writers June 23

Lee Shippey of Sierra Madre will deliver the closing lecture June 21 before the Writers Week conference at Pasadena City College sponsored by the combined writers' clubs of the Pasadena-Foothill area.

Mr. Shippey, author and columnist whose columns appear in The Sierra Madre News and the Los Angeles Times, will speak on "How Do Writers Work?"

The conference will open June 18, with a morning lecture by Martha McMillan, author of more than 1,000 articles, on "Putting the Article Together."

Adela Rogers St. Johns will be the June 18 evening guest speaker, discussing "How to Write a Story and Sell It," the title of her latest book.

"What an Agent Looks for in a TV Script" will be the subject of a lecture the morning of June 19 by Harry Lewis, former playwright and TV script editor. The evening lecture will be "I Write for Television," presented by Dick Carr, outstanding radio and TV writer.

The morning speaker on June 20 will be Joseph Joel Keith, internationally-known poet, author, critic, book columnist, editor and song writer. His lecture will be titled, "How to Sell 1000 Poems." Margaret Lee Runbeck, writer and humanitarian, will present "Writing With a Purpose" at the evening lecture.

The season this year will be marked by a concert exchange Aug. 16-17 with the Monrovia Concert Band.

The concerts here will be held on alternate Fridays through Sept. 14 and will begin at 8 p.m.

The program this year will be varied, ranging from popular favorites to familiar classics.

The Sierra Madre Concert Band, consisting of about 50 members, rehearses each Wednesday evening in Sierra Madre School auditorium.

New Foothill Hospital Will Employ 70

The proposed new \$1,000,000 Foothill Hospital will employ a staff of 70 people and will have an annual payroll exceeding \$250,000, spokesmen said yesterday.

The new 100-bed hospital is to be located on a three-acre site on Linwood Ave. in Monrovia. The property will occupy 330 feet on Linwood, and will extend through to 200 feet on Palm Ave. The location is directly across the street from the present Foothill Medical Building.

The site was chosen because of a central location serving Sierra Madre, Monrovia, Arcadia, El Monte and Duarte.

In a statement issued yesterday, a spokesman for the hospital said: "The tremendous growth of Sierra Madre and its surrounding communities has created a desperate and increasing need for more hospital beds. So acute is the shortage that actual figures show only 65 beds in four hospitals in the entire area."

"Latest figures of the State Bureau of Hospitals specifies a minimum of 607 beds, based on present population only, as needed to serve the Sierra Madre, Monrovia and Arcadia area. There now are 112 beds under construction in Arcadia, but despite this fact, the entire area will still be 325 hospital beds short under minimum acceptable standards."

(The News on April 12 reported the completion of plans for construction of a 22-bed hospital, designed for later addition of a 30-bed wing, at 225 W. Sierra Madre Blvd.)

Postal Worker Gets 4-Year Driving Award

Approximately 20,800 miles over winding canyon roads without an accident!

That's the driving record of Bernard McClosky, an employee of the Sierra Madre Post Office who has been awarded a safe driving certificate by the Postmaster General's office for the fourth consecutive year.

Mr. McClosky, whose beat is in the Sierra Madre Canyon, has been at the Post Office here since April, 1948. His home is in Monrovia.

Former Legion Head To Address Masons

Lewis K. Gough, past national commander of the American Legion, will describe a recent tour to the edge of the Iron Curtain in a speech Saturday night before members and guests of the Sierra Madre Masonic Lodge.

Noble and Mrs. Gough spent a month in Europe and brought back a piece of rusty barbed wire as "proof of their proximity to the Iron Curtain."

The lodge festivities, in honor of the Shrines of Sierra Madre, will begin at 6:30 when officers and wives will serve a fried chicken dinner. Entertainment and the speech by the guest of honor, Noble Gough, will follow.

Noble Gough was invited to the White House by President Eisenhower, along with a small group of leaders in other fields, for a conference this week on promoting world peace and understanding, but the conference was postponed because of the President's illness.

Also present at the dinner will be Noble George B. Slater, Past Potentate of El Maida Temple, El Paso, and Noble Elmer P. Bromley, Past Potentate of Al Malaikah Temple, Los Angeles.

Thieves Get Beer and Furniture

Thieves made off with a truckload of used furniture and a 16-gallon keg of beer in separate thefts during the past week.

The furniture was taken from Mrs. Mary Haskins, 171 W. Orange Grove, last Friday.

Victim of the beer theft Tuesday night or yesterday morning was Floyd Anthony, owner of the Sierra Cafe. The beer was taken from the Sierra Madre Ice House at 61 E. Montecito, where it was being stored.

The furniture thieves drove up to the Haskins house in a green stake truck. The three men then began to load furniture from the yard into the truck.

Asked by Mrs. Haskins if they were from the used furniture company she had called, the men replied: "Yep."

While she was calling the company to check, the men drove off with a baby crib and mattress, a dresser and chair, two iron beds, a double bed mattress and an oriental rug.

The company Mrs. Haskins called had never heard of them, and neither has anyone else to this day.

Purloiners of the keg of beer found their task made easy. They simply walked into the unattended ice house and walked out with 16 gallons of beer.

What they are going to do with it, however, is a different matter. Mr. Anthony says that unless the thieves possess equipment to tap the keg, the beer will be spoiled by any attempt to get at it.

APPOINT DR. D'ARCY

Here's a Way To Silence Rover

Want to silence that clanging dog?

Mrs. Lester E. Anthony of 248 San Gabriel Court suggests a path to peace and quiet, now that local dogs must wear two tags.

Just hang a bit of leather between the tags, she says. Simple?

Incidentally, some 334 dogs were inoculated during the three-day program last Thursday, Friday and Monday at the Sierra Madre School playground, and 200 licenses were issued.

The program was conducted by the Southern California Veterinarians Association under the auspices of the PTA.

Sgt. Embree And Wife Injured

Sgt. Hiram H. Embree of the Sierra Madre Police Department and his wife Joy were injured early last Saturday morning when their car was hit broadside by another auto, at an intersection in Sacramento.

Mrs. Embree, who was asleep in the back seat, suffered a broken leg. She is in the Sutter General Hospital in Sacramento.

Sgt. Embree was treated at the hospital for bruises and released. The Embrees were en route to Chico to visit relatives when the accident happened.

It was reported that the car that struck the Embrees ran through a red light. The right side of the Embrees' car was badly damaged.

Local Grads Win Honors At Wilson

Two Sierra Madre boys took top honors among graduates from Wilson Junior High School.

Student body president Dan Armstrong won the Kiwanis Award for outstanding service to the school and for exhibiting the finest qualities of leadership and responsibility. He also was cited as "the most outstanding athlete Wilson has produced in years." Armstrong also was a Rotary Award winner.

Top scholastic honors went to Sam McDonald, who took the Highest Honors Award in that department. He also was a Rotary Award winner.

High Honors Awards in the scholastic field went to two other Sierra Madreans, Diane Dammeyer and Judith Summers.

Other 10th-graders on the scholarship list are Sophie Cardoza, Sonja Lindquist and Roberto Zeuschner.

Other winners of the Rotary Award, given for outstanding service to the school and leadership in selected fields, are Philip Jacobs, Diane Dammeyer, Jean Osti, Marjorie Thomas, Bob Willis and Robert Zeuschner. (See list of graduates on Page 5.)

Gas Company Maps Expansion

Construction of two multi-million dollar projects to assure a "steady supply of natural gas for consumers in the San Gabriel Valley" was announced yesterday by F. D. Roe, local manager of the Southern Counties Gas Co. Work will begin soon, Mr. Roe said, on a 236-mile pipeline from the California-Arizona border to Alhambra and construction is moving steadily ahead on a compressor station and gas storage field at Montebello.

Money Could Be Used Without Restrictions

The City Council Tuesday night brought up for discussion the establishment of a General Contingency Fund for unrestricted use of all monies accruing from the one-cent city sales and use tax.

At the same time, the Council discussed a proposed Water Department Contingency Fund and a Water Department Depreciation Fund to be established with monies from the recent water rate increase.

There would be no restrictions on use of the General Contingency Fund. It could be tapped for any capital improvement or other expenditure decided upon by the Council.

The Water Department Contingency Fund would be drawn upon for major capital improvement and new equipment outlays. The Water Department Depreciation Fund would be held for replacement of equipment and depreciation.

THE FUNDS were proposed after a survey by City Administrator Lawrence C. Bevington of the city's needs for the next 10 years.

Their purpose, according to Mr. Bevington, is to achieve a strict accounting of the monies accruing from the sales tax and the water rate increase to insure their expenditure on a budgeted basis to meet the city's long-term needs.

The Council took no action on the resolutions, putting them over to a special adjourned session Monday night at 7:30, at which general tax matters and long-term city improvements and needs will be studied.

In other developments, the Council voted to explore the possibility of Sierra Madre's leaving Civil Defense Zone D and joining Zone C after this course was recommended by Dr. Daniel D'Arcy, the city's civil defense head.

DR. D'ARCY, with the concurrence of Mr. Bevington, felt that the more compact Zone C offered the city a better chance for a co-ordinated civil defense effort. Zone C comprises the cities of Pasadena, Glendale, Alhambra, San Marino and South Pasadena. Zone D embraces all cities east of Arcadia and Sierra Madre to the Los Angeles County border.

Dr. D'Arcy also recommended abandonment of the Fort to set up a large volunteer civil defense organization.

He urged instead that a small nucleus of trained men be established which could, in case of emergency, train men and direct civil defense efforts.

Dr. D'Arcy also recommended (continued on page 8)

Two Parking Lots Near Completion

Two of the three proposed parking lots are almost ready for paving, according to City Administrator Lawrence C. Bevington.

Mr. Bevington reported to the City Council Tuesday night that the lot on Auburn behind City Hall has been cleared and graded and that the lot at Baldwin and Suffolk is in the process of being cleared.

Clearing of the Pacific Electric lot at Baldwin and Montecito has been held up by legal complications which are expected to be cleared up soon.

The Council authorized Mr. Bevington to proceed with paving of the other two lots independently of the P.E. lot if he deems it advisable.

Hearing Set On Plan for Cypress Court

A public hearing will be held July 10 at 8 p.m. in City Hall on plans to improve streets in the Cypress Court tract.

The City Council Tuesday night approved plans and specifications submitted by City Administrator Lawrence C. Bevington for grading, tree removal, paving and placing of curbs and gutters where necessary in the tract.

The residents of the tract petitioned some months ago for the improvements, which will be paid for by a property owners' assessment.

The meeting July 10 will allow the owners a chance to pass on the improvement plan. Fifty per cent of the owners must agree before the work can go forward.

Mr. Bevington explained that streets in the tract are of sub-standard width—in many cases less than 20 feet. The project is designed to bring all the streets up to a minimum of 20 feet in width.

Work Schedule for Lima Drain Outlined

The city this week issued a breakdown on construction of the Lima Street Storm Drain, now under way.

According to the announcement, construction will proceed approximately as follows: Orange Grove to Ramona, May 23 to July 15; Highland to and including Grand View, June 12 to July 25; south of Carter to the Bailey Debris Basin, June 20 to Aug. 5; Ramona to and including Sierra Madre Blvd., July 23 to Sept. 10; north of Grand View to Carter, Aug. 5 to Sept. 15; north of Sierra Madre Blvd. to Highland, Sept. 15 to Oct. 31.

The Orange Grove Ave. crossing will depend on the progress of the lower end of the drain in Arcadia.

The Auburn St. Branch probably will be started about July 5.

Under the contract, construction will be done in sections of about 1,000 feet, and these must be spaced about 1,000 feet apart. Also, at least two of the major east-west streets (Orange Grove, Sierra Madre, Highland, and Grand View) must be open at all times.

Proceeding in conjunction with construction of the drain will be the necessary utility relocation work and the lowering of the crown on Lima St., necessitating removal of gut-

ters and driveways to meet the new street section.

While construction is proceeding, driveways in areas affected will be blocked by the 20-foot-wide excavation. However, parking will be permitted on side streets except where restricted signs are erected. Parking will be prohibited on Lima St.

The cost of work directly connected with the storm drain will be paid by the Los Angeles County Flood Control District and the U.S. Corps of Engineers. The city will pay for work not directly connected with the drain out of gas tax funds.

Help Needed - Now!

The Sierra Madre Search and Rescue Crew needs help—and only you can give it to them.

Their campaign for \$952 in new equipment so far has brought only \$612. The other \$340 is vital to their successful operation, for the \$952 was a minimum figure for items desperately needed in mountain rescue work.

I do not delight in continually asking contributions to this cause. Nor do the mountaineers themselves.

But time is getting short. Summer vacations are here, and with them come the canyon cavalcades, with the resulting increase in mountain accidents.

Furthermore, I can think of no cause more deserving of your support.

Sierra Madreans always have been generous in donating to national charities. Why not apply the same open-handedness to a local problem?

Here we have a group of men who serve without pay and at considerable danger and inconvenience to themselves. They are asking only that the com-

munity pay for new equipment necessary to continued efficient service.

They themselves are furnishing 50 per cent of the equipment. You are called upon only to provide them with the items needed to bring the group up to date—to enable them to cope with the soaring accident rate which has accompanied the influx of new residents.

Is it too much to ask? Does it take the organized effort of a national charity—which most often benefits other areas far out of proportion to local contributions—to get out the dollars?

If you can spare a dollar or two, why not send it today to: Sierra Madre Search and Rescue Crew; c/o Don Jackson, 18 W. Sierra Madre Blvd., Sierra Madre, Calif.

Some day it may be you, or your child, who stands desperately in need of that nylon rope, or that first aid kit, or any of the other life-saving items your dollars will buy.

Wishful Thinking?

Democratic politicians, according to a recent article by Arthur Krock in The New York Times, are taking a more hopeful view of the forthcoming Presidential election than would seem warranted in the face of President Eisenhower's great personal popularity.

The reasons for the optimism, though, seem logical and should encourage the embattled and outnumbered Democrats in the Sierra Madre area.

They should also cause Republicans to dig in and fight the attitude of complacency and smugness among their standard bearers who view Ike's re-election as a certainty. The GOP, you'll recall, was supremely complacent in 1948—until after the votes had been counted.

The assumptions on which Democrats base their optimism are primarily these:

1. The Democratic Party is a major party in all the states of the Union and has proved its ability to carry all but two or three.

2. Republicans must count on Democratic defections to win, since the latter party is and has been for years the majority party in the United States.

3. Republicans will continue to be handicapped by the agricultural issue because the remedial legislation will come too late to affect farmers in this election. A crossover of only 3 per cent of the farm vote could put Pennsylvania, New York, Illinois and Ohio into the Democratic column.

4. Democrats feel fairly certain of winning all of the South plus the border states, with the possible exceptions of Virginia and Florida. This would give them 154 electoral votes. They would need only 112 more to win.

5. Michigan has become a Democratic state and because of growing unemployment in the Detroit area is likely to remain in that position. The Democratic Party in Pennsylvania is powerful and controls both Pittsburgh and Philadelphia simultaneously.

6. If Nixon is nominated as vice president, Democrats expect a defection of one to 2 per cent from Republican ranks, plus a great many independents. A recent sample poll points out this likelihood.

7. Democrats are much stronger in the Northwest because of the controversy over public vs. private power.

An impressive number of "ifs," to be sure, many of which seem based on wishful thinking.

The facts remain, however, that Democrats in past elections have based their hopes on similar suppositions and have won, and that the Republicans must break the Democratic and single-purpose group combination to carry a national election.

The voters often tend to forget this and stay away from the polls, but the professional politicians do not. H.W.E.

Why Make It Difficult?

When you're over 80 a flight of stairs often is a serious obstacle.

That's why several of Sierra Madre's senior citizens were effectively disenfranchised last week during the primary elections.

Polling place workers told of seeing several elderly persons attempt the steep stairs at some of the voting locations. According to these workers, some of the would-be voters were forced to turn back, unable to negotiate the steps even with assistance.

It seems to me that a city such as ours, with more than its share of senior citizens—and whose senior citizens take an unusual and active interest in civic affairs—could make an attempt to smooth their path.

Why not select polling places with a view to easy access for elderly voters, locations on ground level which would enable them to vote without the extreme exertion required by steep stairs?

And while we're at it, why not keep polling places off the mountain tops? One elderly woman started the long drive only to give up half way to the top. A passing mailman drove the frightened voter back to the

bottom of the hill—and her vote never was cast.

It's clear that while we carry on a constant get-out-the-vote campaign, we throw an awful lot of unnecessary roadblocks in the way of its fulfillment. W.F.T.

Poet's Corner

By Byron O. Taylor

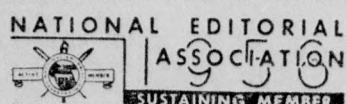

When I was a boy of seventeen,
And worked on my uncle's farm;
I loved to hear the dinner bell,
It never did me any harm.
But now, that I am seventy-nine,
And live in Sierra Madre;
When I hear that noonday whistle
It takes my appetite away.

It makes every tiny baby cry
And snuggle up to its mother,
Frightened half to death they are
And snuggle up till they nearly smother.

Toward a whistle with musical tone,
I'll gladly give a silver dollar;
If other folks will do as well,
We won't get hot under the collar.

Around the Square

There's a game of musical chairs going on down town. The Gas Co. (Southern Counties) is moving from its quarters on North Baldwin to the other half of Harvey Steinberger's building west of Foxton's.

So Tom Neale, real estate and insurance, and Noren Eaton, attorney, will move into the Gas Co.'s former space and divide it into a ample offices. Who is to move into their old offices will be continued in next week's issue.

MORE NEW ARRIVALS: Anthony Briglio Jr., his wife Lillian and daughters Esther and Ann, have moved into the adobe on Orange Drive. Tony is a chemical engineer at Jet Propulsion Lab, is attached to the rocket development division. In his spare time he is a rock hound, has brought along his lapidary equipment for cutting and buffing geodes; along with the rest of his family, likes to camp out.

This makes him a good neighbor for Merrill Miller, across the street, who is a river rat (gone down the Colorado, the north fork of the Salmon and the Green) and who also likes to camp out.

WHO SAID the best do-it-yourself kit is a cat?

WE HAVE ABOUT a month to wish Hugh McBride well and tell him it's been cheerful to have him around for the past eight years. Hugh is the lean-faced, lean-shanked man with a smile who has been delivering for United Parcel in Sierra Madre. He is to be transferred to Santa Barbara.

After delivering up the hill, down the hill and all around this town, he says he has discovered that weather makes a big difference in people. If it's a rainy or smoggy day he gets snapped at for tardiness, even though the slip shows the parcel was purchased the day before at 4 p.m. But on a sunny day, he says, "the package could have been held up a month but who cares?"

He is going to Santa Barbara because he wants more time to be with his boy, 7, and his girl, 5, at the beach and in a

boat. Only thing worrying him now is all those streets with all those Spanish names.

POST OFFICE bystanders put on dark glasses when Father Harley Smith stepped in quietly in the loudest orange shirt in town.

Joe Jackson Butler blinked at him.

"Are you now the Red Dean of Sierra Madre? Or the Tangarine?"

"It was a birthday present and I like it," stated Father Smith firmly. "And what's more I'm on my vacation."

FRIENDS of the Library have brought off a real achievement for the community, mainly through the efforts of Dan D'Arcy. Beginning with its new budget year, the Los Angeles County Museum will include Sierra Madre in its program of loaning films.

This means Friends of the Library can show the finest documentaries, historical and art films from this country and abroad. Perhaps revivals of some of the classics of the film industry. How's for Charles Chaplin eating boiled shoe strings in the "Gold Rush"? Or is that too controversial?

IT IS POSSIBLE that Howard Miller and Gordon MacKenzie will be out of the wash tubs by the time this hits print. Their wives, Tommy Ann and Terry, took off almost two weeks ago and flew down to Puerto Vallarta on the coast near Mazatlan, Mexico. They are visiting a mutual friend, Norma De Vault, and are very manana-ish about that flight back. Father MacKenzie is mothering four children, Howard two. But he says it washes like six.

Many people laugh at the mistakes of others when they should be trying to profit by their own.

Lee Shippey asks

What Do You Think?

Now the primaries are over, a lot of weary persons are wondering: "How foolish can we be?"

Only 18 of the 48 states have presidential preference primaries, and half a dozen of them pledge their delegates to favorite candidates, whose names may be withdrawn after the first or second ballot, freeing those delegates to vote for someone else.

The harder the primary fights are the more likely it is that a dark horse will be the convention nominee, so that long months of incredible labor plus all the money that supporters could raise may be wasted.

As I have said before, the British handle these matters far better than we do. Campaigns are limited to a few weeks and campaign expenditures are limited so that rich men and poor men run on practically even terms.

Rival candidates are given equal chance, at government expense, to reach voters by radio and with a limited amount of mailed literature. That must be sent out a couple of weeks before election day, so voters will have time to study it—instead of throwing it in the waste basket as we do with so much campaign literature.

Here we see billboards intimating that Democrats favor a certain Republican, or vice versa, and receive last-minute postcards or letters carrying such false implications. Over these such things are not permitted and would be scorned as deceitful.

I think their system is more truly democratic than ours and gives the better men the better chance to win.

Bill Dillingham Reports From Abroad

BERLIN—The chill of the cold war is forcing nudists to keep their clothes on.

West Berlin's nudists are complaining that communism is standing in the way of their sunshine vitamins. They openly claim to be more interested in caring for health than in sharing the wealth.

The most desirable locations for nudist activity lie in and beyond the suburbs of East Berlin. But western zone residents do not have the confidence in Communist authorities to practice their "sport" there. As one former nudist put it, "If I'm going to be arrested, I at least want to have my clothes on when it happens."

If it were not for this single fear, nudist club authorities believe that membership in their outings would increase three-fold. But as things stand now, they just do not want to be caught with their pants down.

The results of the Geneva Conference were disappointing to Berlin's nudists. With the unification of Germany this sunshine sport would have become of major interest to Berliners.

The problem as it stands today centers around the lack of a lake in the West Berlin area. Very few people are interested in joining one of the city's three nudist clubs unless they can combine swimming with their D vitamins.

we vote for the man, not merely for the party. But what man? Practically every candidate who can afford it, down to Assembly candidates, hires the best public relations man or firm he can afford.

Those men write the platforms and all the campaign literature, often including speeches. They tell many a candidate what he must stand for, what he must dodge and even what he must think.

There are firms in Los Angeles and San Francisco which, at the same moment, are managing campaigns for both Democrats and Republicans, artfully planning all their major appeals to voters. Millions of voters never meet their candidates, even for Congress, except on television, when they may express thoughts someone else has composed. Such men are straw men.

I NEVER SEE political billboards or telecasts without wondering what they cost and where the money came from.

It costs over \$100,000 to scatter billboards for one statewide candidate throughout California—and even then they would be about 60 miles apart, on the average, though much closer in populous areas.

I suspect adequate TV coverage costs more. And there are plenty of other expenses.

Do you imagine any man for whom such sums are spent can escape obligation to those who gave or raised the money? If we don't put some fair and intelligent limits on what may be spent and who may spend it we shall come to the time when money is the deciding factor in most elections.

Indeed, it is here already in far too many areas.

POSTAL RATE increases may emerge as the only major legislation to come out of this session of Congress.

Every time you mail a letter, you're adding a tiny fraction of a cent to the general tax bill. Each time you mail a newspaper or a magazine, you're increasing the Post Office's costs.

And in this period of good business, the volume of mail passing daily through the nation's post offices has increased tremendously. All indications point to further increases in volume.

Under Postmaster General Arthur Summerfield, the operations of the Postal Department have been streamlined and improved. Many of these improvements have resulted from studies made by the first Bi-Partisan Commission. However, while the annual deficit has been cut substantially, it is still running about \$360 million.

Summerfield and other economists can see no way to make the Post Office self-sustaining without raising rates. They point out that costs are up 106 per cent since 1932, yet first class mail rates remain the same as they were 24 years ago. Second class rates are up only 3 per cent, and third class rates have increased 38 per cent.

NOW UNDER STUDY is a bill which would raise first class rates by one cent an ounce. If the bill passes, you would pay 4 cents to mail a first class letter and 7 cents

for an airmail letter. The bill also would raise newspaper and magazine mailing charges about 30 per cent.

Polls show that the public is fairly well divided on whether mail rates should go up—that is, whether the losses should be borne by the taxpayers or by the users.

The American Institute of Public Opinion found a slim majority in favor of increasing the rate on airmail, but the same slim majority voted down an increase in first class mail. Most of the public favors raising newspaper and magazine rates.

OUR OWN QUESTIONNAIRE among voters in the 21st District showed that only 24% answered "yes" to the question of whether tax dollars should be used to pay for classes of mail now losing money. This could be interpreted as a vote in favor of having the mail users, rather than the general taxpayers, foot the bill for the postal deficits.

During election year, however, the Congress may decide to shelve the mail rate increases as "too risky."

Current indications are that the problems will be thoroughly aired even if not acted upon, and that much information will be passed along to the public as to the need for higher rates.

Should the bill fail this year, it is bound to come up in the next session where, with the election out of the way, it stands a better chance of passing.

Edward Lloyd Voorhees

(In previous reports, Mr. Voorhees described his visits to Naples, Genoa and Turin. Here he continues his account of a recent European tour.)

Since my itinerary in Italy was to extend from Turin in the north to the lower tip of Sicily in the south, after a week in Turin I took the train for Florence (called Firenze in Italy and pronounced "Fee-ren-zay.")

Having seen all classes of travel in Italy on former visits there, I decided this time to travel "Third"—for economy and for the flavor of democracy.

Every passenger train carries first, second, and third class coaches, one coach frequently being divided into two of the classes. Third-class coaches correspond roughly in service to our local day coaches, though they are far less comfortable than ours. They are poorly heated in winter, crowded most of the time, and poorly ventilated at all times.

But what a rich mixture of types and occupations one finds in any one third-class compartment where, at full capacity, four persons sit facing four others, with knees almost touching and sometimes overlapping! There are artisans with their tool bags, railway employees with passes, visiting relatives with a legion of small parcels and a big lunch box, traveling salesmen, law-

yers, schoolmasters, parish priests, monks, nuns, soldiers and sailors on leave, and countrymen with small kegs of wine and bags of farm produce—some of it alive and vocal!

The adults eat, smoke, drink (nearly always, especially in the South, first offering some of the food or drink to the other passengers, as a courtesy), read newspapers and various native illustrated reviews, while the children are as much absorbed in their native "comic books" as any barber-shop group of American boys—and just as solemn, for the "comics" have lost their original humor somewhere along the road called progress.

With the lively curiosity and quick, warm interest of the Italian nation, the attention of the other passengers at once focuses upon the foreigner at his first remark or question in their language.

One comes to know, by experience, that at first, in silence, they are trying to guess his nationality, his occupation, why he has come to Italy, whether he is married, and if so, how many children he has.

(To be continued)

Letters to the Editor

Dear Sir:

A very important point for the fate of the City of Sierra Madre is one of the few remaining residential places in Los Angeles County, is on the agenda of tonight's public hearing before the Planning Commission of Sierra Madre, at the City Hall at 8 p.m.

A third attempt since 1953 is being made to get for the Southeast corner of the intersection of Sierra Madre Blvd. and Michillinda Avenue, either a change of zoning or a variance, to permit the building of a gasoline station at that corner, notwithstanding the fact that it has been twice refused already by both the Planning Commission and the City Council.

That corner is the gatepost to the City of Sierra Madre, guarding its character and all that goes to make it the attractive, residential home town that it is. It would be deplorable if that were to happen and therefore we must all go to that meeting tonight, Thursday, June 14th, to voice our protest and point out what a profound change such a gasoline station would impose on the entire City.

Very truly yours,
RENEE TALLANTYRE FREED

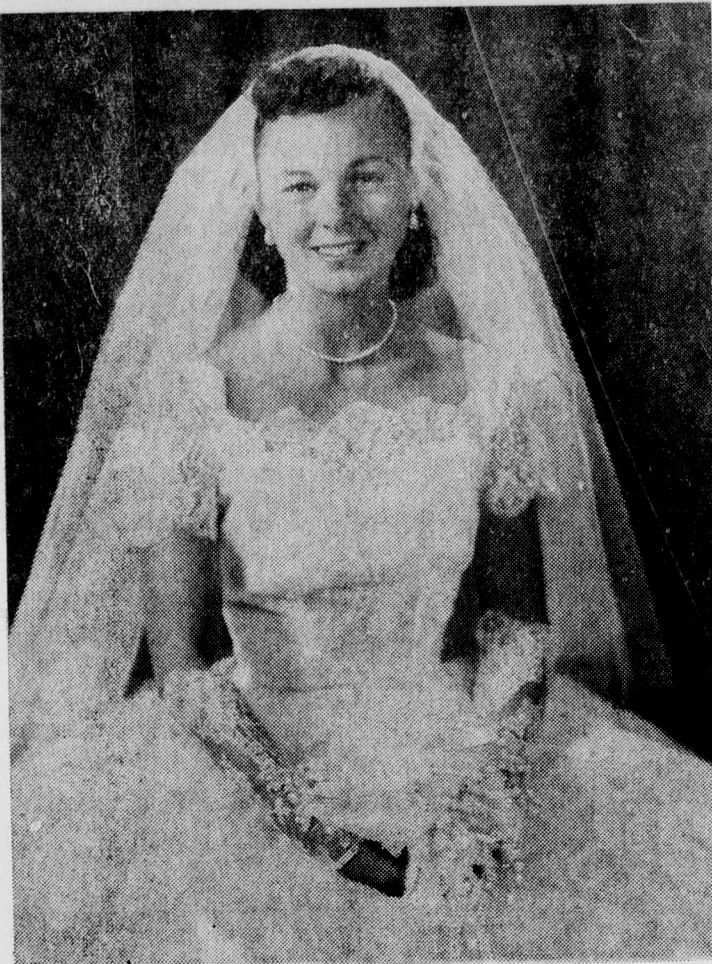

Dear Sir:

The reason given by the Church Council of Ministers for bringing the Russian Church dignitaries to America is a direct insult to all Creed Missionaries and their supporters.

Did any one of these chosen church dignitaries ever appear in the Russian courts and plead for the priests, nuns and other victims, and the citizens of all nations? Did they ever fight for the right of free worship?

MRS. ROBERT H. RICHTER

Ruth Arlene La Marr, daughter of Mr. and Mrs. E. V. La Marr, 225 S. Mt. Trail, exchanged nuptial vows with Robert H. Richter, son of Mr. Lisette Richter, 39 Victoria Lane, May 31 in Chapel of Roses, Pasadena. Dr. Robert N. Schapler officiated.

The bride, given in marriage by her father, wore a white nylon tulle-and-lace-over-satin gown fashioned with a fitted bodice and full bouffant skirt. Her finger-tip French illusion veil was held in place by a crown of pearls. She carried a spray of white orchids surrounded by lilies of the valley.

The matron of honor, Mrs. K. W. Braley, sister of the bride, and bridesmaid Dian Weston and Mary Redlon were attired

in pastel blue taffeta frocks with fitted nylon chiffon bodices. They carried bouquets of shades of pink roses.

Jeanne Gail Braley, flower girl, wore a pink taffeta and nylon net dress.

Fred Richter served his brother as best man and the guests were seated by Robert Massey and Ernest Richter.

George Tyree, soloist, sang "Because" and "The Lord's Prayer." He was accompanied at the organ by Ethel Woolley.

A reception for 150 was held in the chapel lounge following the ceremonies.

Both of the young people are graduates of Pasadena High School and will make their home in Sierra Madre after June 15.

The Lawyers, Richard and Dorothy, 415 E. Orange Grove, are back in Sierra Madre after spending "the most wonderful vacation ever" in Las Cruces, Baja California, Mexico. They fished every day of their 10-day stay and caught four marlin, the largest of which weighed 207 lbs. and took 45 minutes to land.

Mr. and Mrs. Lawyer were members of a private party of 19 which included Mr. and Mrs. Bob Alloy of Arcadia and several couples from Tacoma, Wash.

Because of limited space (their plane was filled with Dick's fishing gear) Dorothy had to restrict her souvenir shopping to small items, so she returned with some beautiful and frilly bull-fighter blouses, some exquisite silver and aquamarine jewelry, and a stuffed sea turtle for son Denny.

Reinvigorated by her rest in Mexico, Mrs. Lawyer is entertaining daughter Linda's 1st Grade class for luncheon today. It's a brave mother who will turn an entire 1st Grade loose in her garden, much less undertake the task of feeding the little darlings.

☆☆☆

HELEN AND HUSBAND Will Preston of 212 Olivera Lane are due back from their vacation in Hawaii this week. We will tell you more about their trip next week.

☆☆☆

AL AND BETTY Foxton were hosts to "old" and "new" neighbors at a cocktail and dinner party last Saturday. Guests were Kay and Bill Messersmith, Helen and Bob Fletcher, and Ola and Rex Smith.

☆☆☆

JIM CONDON, public relations director for the American Legion, (the national organization), was a weekend guest of Clark and Marrie Casey of 340 E. San Gabriel Court. Clark and Jim were in the service together.

☆☆☆

DOROTHY AND HENRY Johnson and children Steven and Crissy are finishing off their last minute packing, preparatory to moving into their recently purchased home at 171 West Orange Grove. They plan to move this weekend.

☆☆☆

MAXINE AND HENRY Danowsky at 330 E. San Gabriel Court have been entertaining so fast and furiously these past weeks that they are planning to take to the hills to escape the telephone and get some much needed rest. Chances are that their many friends will track them down wherever they go.

'Liberty Bell' - Essay on Freedom

Since today is Flag Day, The News thought it an appropriate occasion to publish the following essay by Lynda Perkins, an eighth-grade student at St. Rita's Catholic School, on "The Liberty Bell." The essay received honorable mention in the Eighteenth District Americanism Essay Contest sponsored by the American Legion. Lynda is the daughter of Mr. and Mrs. Russell Perkins, 635 W. Foothill, Arcadia.

Listen, America, listen. Can't you hear it floating through your giant redwood trees, playing with the ripples in your icy mountain streams, in your big cities and suburban towns? Yes, we, your people know it is everywhere in this wonderful land of liberty for all.

This is one of the grave disadvantages of America, for its people know that liberty is here, and take it for granted that it will never be

diminished and the governments which are now set up for the good of the people, will never be turned over to Communists and dictators.

Our symbol for God's generosity is the Liberty Bell, which has inscribed in it the words, "Proclaim Liberty . . ." These two words alone prove that from the beginning America was founded for freedom and its people have fought long and hard to obtain it.

If we were in Russia where freedom is an unknown word, we would realize how important freedom is. During the years, in which men had to fight for independence, it seemed to be a much more precious thing. When people have to work hard for something it means more to them. It was this way with freedom. When they had to fight for it they realized much more the importance of it.

To me, it's not the Liberty Bell or the time or money put into it that

counts, for the bell is made out of material things, but it's the liberty part of it which says we have the right of speech, religion, and press.

The Liberty Bell is rung only on special occasions. One of these special occasions was on April 6, 1917, when it was lightly struck by Philadelphia officials when war with Germany was announced. This was done because the bell is the symbol of freedom and if we had lost the war our freedom would have been taken away.

Do we have to keep on having wars, or watch communism keep growing? Of course, we do not. But we cannot sit back and do nothing. We have to do our part. Sailors, navy men, and army men do their part but what can we ourselves do? We can send money to Radio Free Europe, join civic clubs, and pray! Let us never forget how important is our liberty!

Six Residents Get Degrees From USC

Six Sierra Madre residents were among 3,300 seniors of the University of Southern California who were graduated in formal commencement exercises last Saturday at Alumni Memorial Park on campus.

Local graduates were Joseph Otto Devine, 767 Skyland Drive, B.S. in Commerce; John Warner Aiken, 1945 Vista Ave., B.A.; Russell Kent Meacham, 65 E. William D. Strattons Home From Germany

Mr. and Mrs. William D. Stratton have returned from a month's visit with their son, Maj. John N. Stratton, and his family in Stuttgart, Germany.

The Strattons flew both ways but enjoyed touring over 2,000 miles in Germany, Switzerland and France by auto in company with their son. Major Stratton has been in Germany seven years.

Mr. Stratton is associated with Sierra Madre Hardware.

Arthur C. Boharts Entertain Guests

Mr. and Mrs. Arthur C. Bohart, 615 Edgeview Dr., and their children, Arthur, Johnny and Lynn, entertained Mrs. Bohart's brother-in-law and sister, Mr. and Mrs. Otto Yntema of Kalamazoo, Mich., and their 9-year-old daughter, Helenruth.

The two families enjoyed trips to Lake Arrowhead, Tijuana, Knotts Berry Farm and Disneyland.

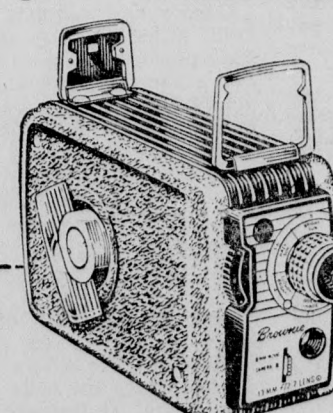

They were the guests of Mrs. Norman McDonald for luncheon at Farmer's Market in Hollywood. Dr. F. J. Hospers of Altadena, an uncle, took them to Santa Barbara and Marineland.

Entertain Guests

Edgeview neighbors, Mrs. Hugh Parton, Mrs. Walt Couch and Mrs. Ed Keisner, served coffee on different occasions. Mrs. Roger Benedict was hostess at a luncheon at Seafood Tavern and Mrs. J. C. Gleysteen of Altadena, an aunt, entertained at a luncheon at Bullock's, Pasadena.

Mr. Yntema, PTA program for the state of Michigan, was unable to spend the entire time with his family in Sierra Madre, since he was scheduled to attend the national PTA convention in San Francisco.

Congregational Church Plans Program for Young Sunday

Children and Youth Sunday will be observed at the Congregational Church this Sunday. At 9:30, parents and friends are invited to the several church school departments, where there will be special programs reviewing the work of the past quarter. Certificates of graduation will be given to each pupil, and

those successfully completing the fourth and fifth grades will receive Bibles. There will be no regular church service at this 9:30 hour.

At 11 o'clock, the young people of the church will lead the service of worship in the Sanctuary. Carol Kline, Marjorie Thomas and Bert Pedigo will discuss "Christ and Youth's Problems in the Home, in the Church, and in the School." Frank Van Winkle will give the offertory prayer. The Junior Choir, under the direction of Mrs. Earl Morris, will sing a special anthem.

Dona Mihalovic will lead in the morning prayer, and Wayne Thomas will present a special certificate, showing acceptance of responsibility toward the building of Pilgrim Pines, Congregational Youth Camp, to Al Paus, moderator of the church. Cathy Franco will sing the solo of the morning. Others taking part in the service include Roy Kline and Mickey McCormack.

The Vacation Church School at the Congregational Church will begin on Monday, June 18, and run through Friday, June 29, with classes for four-year-olds through junior high school.

The door of adversity flies open at the slightest knock.

Rev. O'Malley to Celebrate Silver Jubilee Mass Sunday

Rev. Thomas O'Malley of St. Rita's Parish will observe his silver jubilee this Sunday by celebrating a parish mass at 10:30 a.m. in the church.

Rev. O'Malley was ordained at All Hallows in Dublin on June 21, 1931. He saw front-line action as an Army chaplain in the South Pacific during World War II. Later he served as pastor of Our Lady of Perpetual Help Church, Newhall, and at St. Gertrude's, Bell Gardens.

He came to Sierra Madre as pastor of St. Rita's in 1951. Largely through his efforts the capacity of St. Rita's School has been doubled in the past five years.

Members and friends of the parish honored Rev. O'Malley last Sunday evening. An Irish program was presented as a send-off to Father O'Malley, who is leaving soon for a visit to Ireland.

LESSON-SERMON

"Is the Universe, Including Man, Evolved by Atomic Force?" is this week's subject of the Sunday Lesson-Sermon in First Church of Christ, Scientist, in Sierra Madre. The Golden Text from Psalms (95:3, 4) reads, "The Lord is a great God, and agreat King above all gods. In his hand are the deep places of the earth: the strength of the hills is his also."

JAMES E. SWEETERS, S.J., will be raised tomorrow to the Sacred Priesthood of the Roman Catholic Church. Father Sweeters, who is the son of Mrs. Carl Sweeters of Sierra Madre and the late Mr. Sweeters, received his early education at Banning. He attended Loyola High School in Los Angeles and entered the Jesuit Novitiate in Los Gatos in 1943. After a four-year classical and acetical course, he went to Mt. St. Michael's in Spokane, where he received a master-of-arts degree in philosophy. From 1950 until 1953 he taught philosophy and psychology at the University of Santa Clara, and then was sent to Alma College for a four-year course in Theology. Father Sweeters will sing a Solemn High Mass at St. Rita's on June 24 at 10:30 a.m. He will be assisted by the Rev. John Mylott, S.J., a native of Sierra Madre. Father James Pierce of St. Rita's will be assistant priest and the Sisters' Choir from Mount Alverno will sing the Mass.

Bethany Church Will Honor Youthful Graduates Tonight

A special party to honor all graduates of the various departments of the young people of Bethany Church will be held tonight in Fellowship Hall. Ernie Richter is chairman of the sponsoring committee.

The festivities will begin at about 9:30 o'clock, and are scheduled to last far into the night, with a constant stream of surprises, ample food, special honors for all the grads, and some unusual films.

This annual feature will honor the following graduates: Judy Ware, Betty Jo Maule, Eddie Ower, Opal Rickman, Sharron Rickman, Jean Osti, Nancy Shintaku, Linda Green, Rhuanna Edgmon, Lelani Reed, Judy Green, Howard Caldwell, Judy Browning, Lynda Ower, Gordon Engel, Nancy Dirks and Ronnie Guyer.

Special recognition will also be made of Nancy Webster, recent graduate of U.C. at Berkeley.

Missionary Group Holds Meeting

The Nazarene Foreign Missionary Society met June 7 at the Ed Parker residence, 1783 Oxford, Pasadena.

The Prayer and Fasting League was presented for special emphasis for the month of June by Mrs. Murray Wells, president.

A devotional lesson was given by Mrs. Stanley Schilberg, showing how the ideal life is lived by finding the will of God. The first chapter in the study book, "Our Pacific Outposts," was reviewed by Mrs. Parker, study superintendent. The chapter traced the beginning of Nazarene missions in Alaska to the present day churches.

Plans were made for the next meeting on July 4, when members will meet at Arcadia Park for breakfast. A business session and study hour will follow.

Those present were Mesdames Parker, Fred Fetters, Murray Wells, Orian Burlison, Richard Frank, Louis Johnson, Stanley Schilberg and Davis and Messrs. Orian Burlison and Ed Parker, and Miss Margaret Livingstone.

Methodist Pastor To Attend Parley

Dr. Chilton McPheeters will leave June 18 for Redlands, where the Southern California-Arizona Conference of the Methodist Church will hold its annual sessions.

Ernest Phillips has been elected as lay delegate to represent the Sierra Madre church. The week of meetings will include business sessions, inspirational addresses, including the Bishop's Hour each day with Bishop Gerald Kennedy, memorial services for all members who have died during the past year, tributes to the retiring members of the Conference, as well as special days for laymen, women, and youth, along with ordination services for new ministers entering the Conference.

Methodists Plan Tributes to Dads at Sunday Services

Father's Day will be commemorated Sunday at the Sierra Madre Methodist Church with Dr. Chilton McPheeters, pastor, preaching on the theme, "The Challenge of Fatherhood."

Special recognition will be given to the oldest father present, the youngest father and the father of the most children.

Members of the Kindergarten Department, under the leadership of Mrs. William Heller, have prepared a choric speech presentation as their tribute to fathers. The choir will sing "O Come to My Heart, Lord Jesus," by Ambrose.

With the start of the new summer schedule this Sunday, the worship hour will move to 9:30 a.m. All Sunday School classes will continue at their regular time and place.

Committees Picked For Church Picnic

Committees were named this week for the Sierra Madre All Church Picnic June 16 in Arcadia County Park from 4 to 7 p.m.

Dr. George Frempter, general chairman, announced the following committees: Sports and contests—Larry Bevington, Virgil Nordyke, John Heer and George Frempter; Coffee—Mrs. Jess Albright; Lemonade—Mrs. George Frempter; Transportation—Marshall Annis and Ernest Phillips; Publicity—Dr. Chilton McPheeters, Mrs. Larry Bevington and Mrs. William Heller.

Games and contests will be held during the late afternoon. Those desiring to play baseball are asked to bring their own equipment. Following the games will be a picnic supper. Coffee and lemonade will be furnished. If transportation is needed call ELgin 5-1998.

Garden Party Set Next Tuesday

Mrs. Roy Arnold of Sierra Madre will be an assisting hostess at the Silver Jubilee Garden Party on June 19 from 2 to 5 p.m. at Harvard School, Episcopal Diocesan school for boys at 3700 Coldwater Canyon Road, North Hollywood.

Ascension Plans Music Classes

"Music in the Morning" is the title of a class which will be conducted for four weeks, beginning Tuesday, at the Ascension Parish Day School, by Louis Malone.

The material, planned for children from grades 3-6, will include listening to stories about great composers and their music; singing folk songs of many lands, musical games and popular songs; learning fundamentals of music, rhythm, note-reading and first steps in piano playing.

Mr. Malone will be assisted by his wife, Mrs. Lillian Malone.

Child-Dedication Set Sunday at Bethany

A child-dedication service will be part of the morning worship Sunday at Bethany Church.

Recognition of fathers present and a special message for them will be given. Dr. Schaper, pastor, will be preaching at both the morning and evening services.

Dr. Schaper was commencement speaker last Monday night for the graduating class of Culter Academy of Los Angeles. The services were held in the First Baptist Church of Hollywood.

Judy Browning and Lynda Ower, both active in the youth department of Bethany Church, were among the graduates. Miss Browning was valedictorian of the class.

Such bids will be received in the office of the Owner, 141 West Highland Avenue, Sierra Madre, California, and will be opened and publicly read aloud at the above stated time in the office of the Owner in such building.

Each bid must conform and be responsive to this invitation, the plans, specifications, and all other documents comprising the pertinent contract documents. Copies of the Contract Documents are now on file and open to public inspection in the said office of the Owner, and of Smith, Powell & Morgridge, Architects, located at 208 West Eighth Street, Los Angeles 14, California, and may be obtained at either place without deposit. Each bid shall be made out on a form to be obtained at the office of the Owner or of Smith, Powell & Morgridge, 208 West Eighth Street, Los Angeles 14, California.

Each bid shall be accompanied by a certified or cashier's check payable to the Owner, or satisfactory Bid Bond in favor of the Owner, executed by the bidder as Principal and a satisfactory surety company as surety, in an amount not less than five percent of the bid. The check or bid bond shall be given as a guarantee that the bidder will execute the contract if it is awarded to him in conformity with the Contract Documents and will provide the surety bond or bonds as specified therein within five days after notification of the award of the contract to the bidder.

The Owner reserves the privilege of rejecting any and all bids or to waive any irregularities or informalities in any bid or in the bidding. Pursuant to the Labor Code of the State of California, the said Owner has ascertained the general prevailing rate of per diem wages for each craft or type of workman needed to execute the contracts which will be awarded the successful bidders; and those prevailing rates are contained in said specifications adopted by the Owner, and are as follows:

Trade or Occupation	Hourly Wage Rate
Carpenter	\$3.00
Laborer, general or construction	2.30
Roofing Foreman	3.10
Roofing	2.85
Sheet Metal Worker	3.24

Plus health and welfare where required. The rates of per diem wages for each of the various classifications of work shall be the hereinbefore set forth prevailing rates of hourly wages multiplied by eight (8) hours (8) hours shall constitute a day's work; it being understood that in the event that workmen are employed less than eight (8) hours per day, the per diem wages shall be deemed to be that fraction of the per diem wages here-in established that the number of hours of employment bears to eight (8) hours.

Overtime shall be paid for at the rate for overtime of the craft involved for work performed in excess of the regular day's or week's work, or on Saturdays, Sundays, and holidays.

Holidays as herein referred to shall be deemed to be New Year's Day, Decoration Day, Independence Day, Labor Day, Veteran's Day, Thanksgiving Day, and Christmas. If any of the above holidays fall on Sunday, the Monday following shall be considered a legal holiday.

It shall be mandatory upon the Contractor to whom a contract is awarded, and upon all subcontractors under him to pay not less than said general prevailing rates of per diem wages to all workmen employed in the execution of the contract.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.

Council Meets

the employment of a part-time, paid civil defense director for Sierra Madre, pointing out that the volume of work prohibited adequate performance by a volunteer busy with his own work.

THE COUNCIL directed Mr. Bevington to notify Zone D of Sierra Madre's possible withdrawal and to explore the possibilities of joining Zone C.

In other actions Tuesday night, the Council:

1—Received notice of the rezoning of Sierra Madre into five fire zones by the Volunteer Fire Department. Zone One now extends between Michillinda and Lima, Zone Two between Lima and Baldwin, Zone Three between Baldwin and Canon, Zone Four between Canon and the eastern city limits and Zone Five covers the canyon area.

2—Okayed a recommendation by Mr. Bevington that a quotation from Edd Ferguson of El Monte of \$160 be accepted for paving and guttering of Orange Grove between Mountain Trail and Canon and Ramona in the block east of Lima. Funds for the work have been deposited by the residents, and the job should get under way in the next 10 days, according to Mr. Bevington.

3—Approved a request by the Sierra Madre Red Cross for use of the canyon pool Tuesday through Friday mornings from 9 to 12 from July 10 to Aug. 17. The Council also approved a request by the Camp Fire Girls for use of the pool, but specified that their requested dates of July 25-26 and Aug. 1-2 might have to be changed to remove conflict with the Red Cross request.

4—Was notified by Mr. Bevington that results of the recent special census here have been certified to the State Department of Highways and the state comptroller. The city has been credited with a \$2,850 increase in anticipated gas tax revenues for the coming year and the comptroller has taken the new figure into account for the last half of the last fiscal year.

The census showed a population of 8,752 and 3,150 occupied dwellings. It cost the city \$1,589.34.

5—Rejected an appeal from William Keith from conditions attached by the Planning Commission to a proposed lot split of his property at Grand View and Sunnyside.

It may be true that a sucker is born every minute, but it takes an expert fisherman to bait the hook.

VILLA
VIEWSBy Toni Mauria
Sycamore 7-9634

Sunday is the day that is set aside as Father's Day, but I think it should be every day of the year. A father has such an important job to do. He works his life away providing the necessities of life for his family, we draw on his strength to settle the problems, he can't show his fear when the children are ill or when he has problems of his own.

He takes time out for the pleasures of his family and he's always ready to give us the love or the boost we need to get us over the hump, but we sometimes forget to show him that we care, too, and that he never ceases to be important to us.

Sunday is the day we are supposed to do it but it would be much more fun to do it every day.

MRS. O. KENNETH FULLER of 1475 Old House Road entertained a group of Humble Oil and Refinery Co. wives at a luncheon and bridge party this last week.

MRS. GEORGE C. Matthews of 1510 Sierra Madre Villa has had a busy schedule recently. She entertained the choir of the Sierra Madre Methodist Church at a coffee and cake party. After the rehearsal of the choir Mrs. Matthews sang solos for the group. She also entertained 25 women of the church at a Coffee Klatch for the first circle meeting to be held.

MISS SUSAN HALL CAMPBELL, daughter of Mr. and Mrs. Clinton Calvin Campbell of 1176 North Holliston, has announced her engagement to Victor Matloff, son of Mr. and Mrs. Sam Matloff of 1590 Old House Road. They plan to have a late fall wedding.

ANN SHONSTROM, daughter of Mr. and Mrs. E. S. Shonstrom of 1987 Windover Road, returned home last week from Santa Barbara College, where she completed her Freshman year.

MRS. W. H. DUNNING of 3323 Barhite entertained 75 guests at a benefit tea last week. The benefit was in behalf of the YWCA Playground Committee to provide toys and equipment for the YWCA children's room. A water ballet was put on by some of the YWCA wives and the program was highlighted by a talk and demonstration on children's art given by Mrs. Susana Mueller, a prominent artist and teacher in Pasadena.

MR. AND MRS. GEORGE Clark of 1525 Old House Road spent the weekend of the 1st at the La Grulla Gun Club in Ensenada. They went down with a group of friends and although Mr. Clark didn't catch his limit of fish he did catch some.

MR. AND MRS. AIKMAN Armstrong of 3450 Fairpoint left last weekend for a week's stay in San Francisco. This was a combined business and pleasure trip.

DR. AND MRS. ROBERT L. Mueller of 1600 Old House Road spent the past weekend sunning, or should I say baking, in Palm Springs.

FRIENDS OF MR. AND MRS. James Pevanik, formerly of 3302 Vosburg, will be glad to know that they are getting settled in their new residence at 6771 North Oakin San Gabriel. We were all sorry to see them move away from the hills.

ALUMNI FUND

The Alumni Association of the California Institute of Technology this year raised more than \$26,000, to bring to a total of \$68,000 the Alumni Scholarship Endowment Fund. The fund is used to provide four-year tuition scholarships for worthy undergraduates at the Institute.

FEW STRIKES

Only about .075 percent of the labor force was out on strike in the Los Angeles area during May, the Merchants and Manufacturers Association announced in its monthly industrial relations roundup.

ONE THOUSAND DOLLARS was added to the Hastings Ranch Little League treasury as a result of their Hastings Drive-In Theater ticket sale. Presentation of prizes to these top three salesmen was made before the Yankee-Reds game at Hamilton Park by Jim Nichols, players agent. From left are Mike Ayres, who won the first prize of a Mickey

Mantle mitt for 110 sales; Marvin Herriot, who won a pair of baseball shoes for 76 sales, and Gary Winterbottom, who won a ball and bat for selling 75 tickets. Collections will go for equipment and to form a fund to launch the 1957 season. The sale was directed by Merrill Johnson, vice president, and Russ Stubbs, treasurer.

Debra Caffee
Has Birthday

Debra Caffee, daughter of Mr. and Mrs. Victor E. Caffee, 1240 Coronet, celebrated her tenth birthday anniversary at a barbecue luncheon and swimming party.

Invited guests included Maureen McKelvey, Malinda Hays, Robin Hardison, Nancy Taylor and Sandra Seiler, Gale Tampico, Patsy Carley, Anne Callender, Suzanne Wynn and Carol Hybertsen.

Also, Susan Johnson, Virginia Frey, Bonnie Ewen, Andrea Judd, Deanna Rowan, Cheryl McKibbin, Valerie Manning, Susie Rise and Tish Young.

Ranchettes . .

A second son, James Frederic, was born to Mr. and Mrs. Edgar E. Savage, 1290 Coronet, May 25 at St. Luke Hospital weighing 8 pounds 6 ounces. The paternal grandmother is Mrs. Floyd Stewart of Irving, Tex. The maternal grandparents are Mr. and Mrs. Frederic Oheim of New Braunfels, Tex. The other Savage son is Everett, 8.

Mr. and Mrs. Kenneth H. Boyce, 1185 Medford, are the parents of a son, Wayne Carr, born May 25 at St. Luke weighing 9 pounds 9 ounces. The maternal grandparents are Mr. and Mrs. Ben Carr Freese of Altadena. The paternal grandparents are Mr. and Mrs. L. S. Boyce of Pasadena. The newcomer has three sisters, Bonnie, 11, Christine, 7, and Laurie, 4.

A son, Daniel W., was born to Mr. and Mrs. Daniel W. Wells, 1390 Daveric, May 29 at Huntington Memorial Hospital weighing 7 pounds 7 1/2 ounces. The paternal grandmother is Mrs. F. C. Wells of El Monte. The Wellises have a daughter, Druanna, 2 1/2.

Moonlight Garden Is Setting
For Marshall Senior Party

A garden in the moonlight is the theme for Marshall Junior High School's senior party scheduled for tonight from 9:30 p.m. until 12:30 a.m. in the girls' and boys' gym.

Carrying out the 10th grade motif, "By the Light of the Silvery Moon," decorations will transform the gym into a garden patio with Japanese lanterns, parasols, potted flowers and trees.

This PTA-sponsored party is the highlight of graduation week and will attract more than 400 guests. Mrs. Boyd Singleton, general chairman, explained the popularity of the senior parties was the variety of entertainment offered, no-date or date emphasis by the sponsors and no charge.

Money for the party is raised each year by the students themselves at a PTA-sponsored movie, held this

Wilson's graduation ceremony will be held at 6:45 p.m. tonight in the Rose Bowl. This will be the last graduation including junior high students to be held at the Rose Bowl, ending a tradition of 67 years. There will be 5,000 secondary school graduates of the Pasadena City Schools.

BILL TAYLOR, Norman Kremlinger and Douglas Snow were co-hosts of a field graduation party last Friday night on the Taylors' patio. They played games, danced and ended with an exciting "pop contest." Everyone was able to make their favorite sundae—a choice of toppings being offered. Sheet cake was served and jelly-bean favors.

The guests were: Don Beattie, James Bohman, Harold Gaylord, Russell Harrison, Arthur Madocks, Jock McGraw, John Nardolillo, Bill Peterson, Jardi Phillips, Kirk Sanders, Roger Shanks, Dorothy Benner, Nancy Bridges, Eileen Carlsen, Patsy Chidester, Beryl Fricke, Ann Furstenberger, Sandra Garrett, Wendy Gero, Janet Holmes, Marian Hernandez, Maria Marvosh, Mary Jane Milne, Julia Paulog, Donna Schulz, Faith Vogel, Anne Wilson and Dianne Wilson.

Well, here we go for our last report before summer vacation starts. The senior party is always a big event for the tenth graders at Marshall. It falls on the last day of school which, of course, is today and will start at 9 p.m., ending at 12:30 in the Girls' Gym.

Dave Silverstone's orchestra will entertain, and there will be games, dancing, refreshments and a lot of fun for everyone. Our principal put our newly-elected student body officers into office last Friday during a special student body assembly. Steve Samurjian won the election for president of the student body with Biff McComas as vice president.

NICK AMDUR and his family are moving back to their old home in Massachusetts about the end of June. We will all miss Nick at Marshall and hope everything goes well with him in the East.

A SHORT TIME ago the boys in Period One gym class held handball and tennis matches. The winners in handball doubles were Bohrquez and Suter. The losers were Huff and Parish. In regular handball the winners were Hoover and Shively and the losers were Meguilar and McCall. In tennis doubles Meguilar and McCall won over Wagner and Benloff. Some people are a lot better in one game than another, it seems. In regular tennis the winners were Beard and Ridly with Bohrquez and Suter on the other end. Our coach, Mr. Busik, did a fine job in keeping everything running smoothly.

A REAL TOUCHING tribute to our Marshall faculty appeared in the last issue of our school paper, The Marshallite. It covers so well the feeling of our graduating class as they leave the familiar halls that I am sure you will feel as I did when you read it.

"We who are about to graduate wish to express our thanks to everyone who has been so kind and 'put up' with us for these past four years. We want to thank our advisors, who have guided us and taught us, the office staff, the nurse, our librarians, the cafeteria workers, and our custodians who have kept our campus clean despite our littering habits. In closing, we can only say, 'Thank you for all your help, and may we prove worthy of your attention!'"

THOSE OF US who stay behind say "So long" to our friends who graduate. We wish each of you success and lots of happiness. Good luck to you all, we will miss you.

As for your reporter, he plans to leave with his family for a month on board our boat at Cherry Cove. I'll try to send in a line each week or so.

Over 150 Attend Hearing in Protest
Against Sears Foothill-Area Store

By Lucie Lubisich

Residents of the Hastings area waited anxiously today for a report from the City Planning Commissioners as to whether they would "hold the line" on the residential zone bordered by Foothill and Michillinda or convert the area into a commercial zone and allow Sears, Roebuck and Co. to use the land for a store and parking lot.

The commissioners heard heated discussion from both sides at a hearing Thursday at City Hall, when some 150 persons, most of them home owners of Hastings Ranch and Rancho Santa Anita, known as "The Oaks," crowded into the council chamber.

Present with their attorneys and representatives of Sears, which is attempting to lease the property, were owners of the land in question, Edwin W. Frank A. and John R. Murphy.

money a great deal more in the event they and the applicant can induce the turn-about in planning at this time."

He said it appeared that the "basic issue involved is not zoning at all; rather it is whether or not the owners and the applicant shall be permitted to make and save money, which would be small in comparison to the vast irreparable loss and damage to the families who have established their homes in and adjoining the City of Pasadena."

SPOKESMEN for Sears said the development "will preserve property values" and that the store will be a "welcome shopping district." They presented a number of pictures of the area and the store planned for the site. Leasing of the land from Murphy Bros. depends upon the zone change.

Hundreds of residents of Hastings Ranch and "The Oaks" have signed protests against the zone change, deploring the heavy traffic and smog they say the thousands of automobiles will bring, as well as the asserted lowering of the residential zone and property values of the neighborhood.

BABY SITTERS were at a premium Thursday morning, as housewives in Hastings sought to attend the hearing, and many had to stay home because there were too few sitters to go around.

The City of Arcadia also issued a formal protest to downgrading of the area, and Alfred Allen, Arcadia real estate man, termed the land "readily usable" for residential development. It was brought out that the land had never been offered for sale for development as residential.

Sports in Haste . .

What's This? Payoffs Made
In the Ranch Little Leagues?

By Charles Ayers

What with amateur sports being the rage now in light of recent western collegiate actions, the time is ripe to expose the unfair practices smacking of downright pay that have been going on in our local Little League.

Normally I'm not addicted to "whistle blowing" but my Reds haven't been doing so well this year and there has to be a good reason since it's well known that they are the best team.

I have the evidence all well documented and will be glad to present it to the commissioner upon demand.

These "payoffs" are being made in the form of gifts and entertainment. For example, have you ever wondered where those boys get all that gum they are chewing at the games? From the managers, that's where!

IT'S COMMON for athletes to chew gum during a contest to relieve tension and keep the throat from getting dry. But in the Hastings Little League, no such claim can be made because the boys are chewing bubble gum.

Anyone knows that a boy would rather have bubble gum than anything and the managers have been buying them off with this unwarranted extravagance.

Like all illegal acts, though, punishment cannot forever be avoided and many of these managers have had cause to rue their acts as strikes whiz by or easy fly balls drop because the players are engrossed in blowing bubbles.

THE MOST INSIDIOUS payoff of all, though, is the post game candy bar for the winning effort. It's downright criminal to watch 15 boys munching happily on their reward while some of us less fortunate have yet to see a crumb for supper.

This uncontrolled trend probably had its beginning in last year's playoff series between the Reds and Braves. The second game was played on a stifling hot day and in order to prevent the boys from keeling over with heat prostration

Ranch League in Tight Race For First-Half Championship

The closest race in the Hastings Little League history has developed for the first-half championship in the American League.

At the end of the week's action the Yankees and Braves were tied for first and Indians and Reds for third. Although the Indians and Reds are out of the race for the first-half crown they've made life miserable for the leaders.

The Indians walloped the Braves while the Reds took another close one-run decision over the Yankees.

The Indians, who owe two of their wins to close decisions in slugfests with the Reds, are the hottest item in the league at the present time. Led by Len Read, whose ailing left arm miraculously healed in record time, the Indians knocked out 32 hits in two games to win both.

Conversely, the Yankees, who until last week had been undefeated, lost twice and now have a three-game losing streak.

Braves and Reds split a pair, losing only to the red-hot Indians.

Good pitching performances were given by John Wallace,

Ed Buckle, and Sterling Peacock. Batting leaders for the week were Norm Kremler, Len Read, John Brinton, Jock McGraw and the entire Indian team.

In the National League the Beavers have walked off with the first-half crown and have yet to taste defeat. Two more wins this week give them an 8-0 record, with the closest competitors, the Stars and Seals, four games back.

The Cubs came to life, winning two games and escaping the cellar for the first time.

Besides Osborn, home runs were hit by Bob Parrish, Philip Carroll, Rog Pancoska, Dave Olwin and Bill Kreft.

Lee Henry Family Takes U.S. Tour

Mr. and Mrs. Lee Henry and George, of Rim Road, have embarked on a month-long tour through the United States, which will take them on a flying trip to Havana.

They are motoring south through Texas, stopping in New Orleans and visiting friends in Tampa, Fla. Then they plan a trek across the Tamiami trail to Miami for the flight to Havana. With four brothers and two sisters to visit, each living in a different city, their travels also will take them to Atlanta, Nashville, Akron and Denver.

GETS NEW POST

Captain Richard Anson, youth work director for the Salvation Army in Southern California, will leave for Honolulu to take up similar work June 13. He will be succeeded by Captain Albert Olley of San Francisco.

Upper left, wooden hokeshi dolls; upper center, a Japanese room, western style; upper right, children's toys. Lower left, fine quality dinner set decorated with characters of the "Japanese alphabet"; right, delightfully airy bamboo baskets and a typical fan. Center panel, a shelf of lacquer trays and bowls; left, miniature porcelain animals.

Take your problems to Church this week — millions leave them there!

'... So Shall Ye Reap!'

As a result of his labors and the goodness of God he has been rewarded with a bounteous harvest. His grandfather taught him, long ago, that, "if you reap well you must prepare the soil properly and sow good seed."

So it is in all walks of life. If we sow the dragon's teeth of intolerance and hate we are certain to garner only the tares of unhappiness and evil. We see and feel almost everywhere throughout the world today the awful consequences of the sowing of the seeds of prejudice and greed. The harvest, as we all know, has been frightful — War, Disease, Famine and Death.

If we would all try sowing a few more of the seeds of Kindness, Charity and Understanding we might, each, in our own small way help make the World a better place in which to live. There is no better place to seek for guidance in this worthy undertaking, and the revival of faith in ourselves and in our fellow man, than by regular attendance at the Church of our choice.

With the hope that it will, in some measure, foster and help sustain that which is good in family and community life, this feature is sponsored by the business firms and organizations whose names appear in this space.

K. W. Christiansons Attend Convention

Mr. and Mrs. Kenneth W. Christianson, 1230 Coronet, have returned from more than a two-week convention and pleasure trip which took them to Hartford, Conn.; Boston, New York City and Chicago.

While in Hartford at the annual Leaders' Round Table Convention of the Connecticut National Life Insurance Company, Mr. Christianson was presented, by the agency vice president, Raymond W. Simpkin, with the Horace L. Smith Award.

This award is given annually among the newer agents to

the leading agent in cases nationally. Mr. Christianson was also runner-up in volume with nearly \$1,000,000 of life insurance placed.

The Christiansons were honored at a dinner party, given by Celeste Holm, prior to attending "The Great Sebastians." They also saw two other shows while staying in New York City.

Before returning home, the Ranch residents had a nice visit with Mrs. Christianson's family, Mr. and Mrs. E. G. Walls.

FIRE FLAMES

By JAMES HEASLEY

It was only natural that the fire meetin' be a little late in closing last Friday. It was "payday" and those who insisted on being unruly were met with a reminder from the Chief—each time costing some individual part of his night fire pay.

So many fines were assessed that our most ambitious fine collector grew weary from traversing the room. Few, if any, were overlooked and the coming Fourth of July Picnic to be held at the Wistaria Fete grounds should be well financed.

Dick Thayer has graciously invited the firemen and their families to use the grounds and advised that he would add a thrilling entertainment about the swimming pool to attract the boys. For the wives, he has promised a trip around the vine while the menfolk take a swim. (If ya know what is meant.)

The new call numbers map was introduced by Bob Newberry and shows an enormous amount of patient work. Areas have been added, with new fire plugs marked, plus streets and house numbers. The new calls will soon go into effect.

THE ABSENT-MINDED fireman and his wife (she also absent-minded) were spending the evening quietly at television when someone banged at the door. She yelled, "Oh gosh, my husband." And he jumped out through the window.

THE FELLOW who thinks he is indispensable should notice the hole his finger leaves after he pulls it out of the water.

SAW A SIGN at the tombstone dealer's the other day. It said, "Drive carefully, we can wait." And they tell me that some motorists think a locomotive whistles at a crossing just to keep up its courage.

WE NEED NOT remind residents that the hazardous fire season is nearing; in fact, it's here now. Now is the time to clear the dry weeds and grass away from the premises and remove the accumulation of old boxes, papers and what not from the garage, basement or attic.

Your fire department is still a busy group of businessmen and workers, and yet they're willing to work hard to prevent fires from starting.

Prevention is the best way to fight fire. Stop them from starting.

For that unexpected start, which sometimes occurs, be ready. A GOOD garden hose within reach may mean the prevention you need. There will surely be a lasting water supply. Let's remember that fires kill many people and destroy much property, which in turn puts people out of work.

The cost of telling a lie is little, but getting witnesses to back it up proves expensive.

About the time parents give up the task of guiding the destinies of their children experience takes over the job.
